# KNOWLEDGE AT YOUR FINGERTIPS... LITERALLY!

With English Now! there's no need to attend classes to develop everyday communication and language skills.

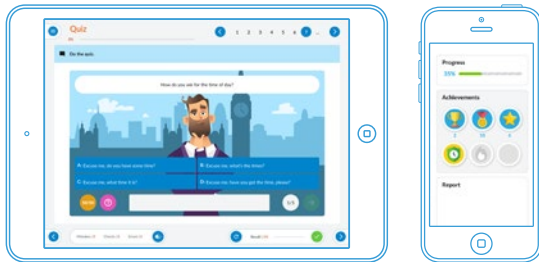

English Now! is based on Communicative Language Teaching and the Lexical Approach. The primary goal is to learn vocabulary, with grammar theory in the background. The integration of lexical chunks and real-life examples ensures attractive and efficient learning.

The course includes a wide variety of multimedia, vocabulary, idioms, collocations, and grammar. It supports the contextualised learning approach, which helps learners implement British English quickly in real-life conversations.

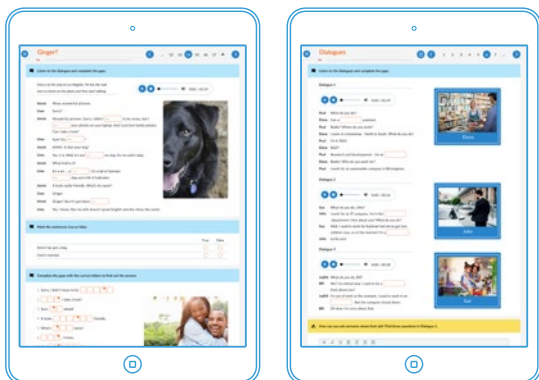

## GAMIFICATION

Explore extra creative resources like quizzes and games specially designed to improve learners' productivity and motivation.

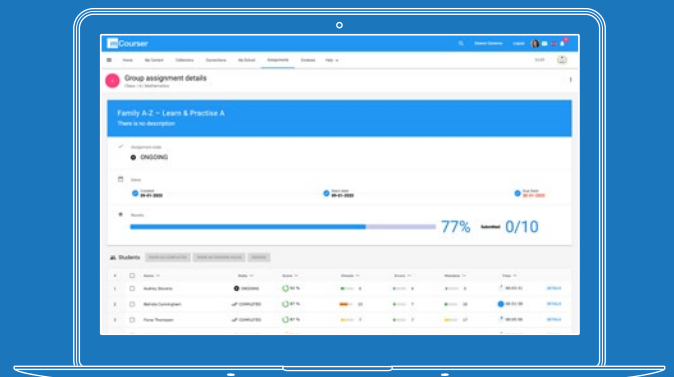

## LEARN ANYTIME, ANYWHERE

Built on HTML5, English Now! works perfectly on all operating systems and mobile devices. Learn whenever you like, in the environment that suits you best!
